

THE ORANGE COUNTY REGISTER

February 10, 2010

Heavyweight contender

JEBB HARRIS, THE ORANGE COUNTY REGISTER

A new 16,500-pound, black and white porcelain urn, towering 16 feet above the plaza of the Orange County Rescue Mission's Village of Hope in Tustin, could be one for the record books as the world's largest and heaviest urn. The sculpture, created by Danish artist Peter Brandes and installed by Lake Forest contractor Richard Cohen, features Jesus' 12 original disciples in raised bone-colored images and engraved scriptures. **LOCAL 6**
